

LAUREL CANYON SPIRITS

WHITE HJERTE VODKA

California Corn vodka at its finest. Hand made in small batches. Super smooth, with a hint of natural sweetness. Our White Hjerte Vodka is made with yellow dent corn, fermented using a whiskey yeast, column distilled and triple filtered. Each bottle is crafted to exacting standards.

White Hjerte is a great sipping vodka, but also extremely smooth and clean, which makes it perfect for all of your favorite cocktails.

*Borne in the hills of Los Angeles,
made with Hjerte in California*

TASTING NOTES:

Clean, smooth, with a rich mouthfeel. Hints of vanilla, toasted rice and anise, which grows wild in the corn fields outside Sacramento. A smoky element presents on a long clean finish.

80 proof | 750 ml
