

Black Hjerte Coffee Liqueur

Damn Strong. Damn Good. 100% California.

Borne in the hills of Los Angeles and a family recipe in every sense of the word. Our Black Hjerte Coffee Liqueur has always been 100% handmade and crafted in small batches. We distill our own California corn vodka, and French press a wicked strong brew using intense dark roasted beans. Our Black Hjerte is richly layered and perfect over ice, or as a muse for exceptional mixed drinks.

Tasting notes:

Balanced, deep and intense, unfolding in layers, with notes of honey and vanilla, ending with a long lingering finish.

750 ml bottles • 45 Proof
